

## Venture International family to family video contest

### Rules and Guidelines

The video contest is open to all supporters of Venture International and Family to Family sponsors. Please video tape your 1 to 3 minute testimony on what it means to you (or your family or group) to support VI or sponsor a family, how it has blessed you, and why others should consider doing the same. All videos must be submitted in Standard Definition (SD).

Acceptable submittal formats are MiniDv, MiniDVD, DVD, and VHS. We may also be able to download your video if you post to a video sharing site such as VIMEO or YouTube. Videos can not be returned, so please burn yourself a copy before sending to:

Venture International  
VI/FTF Video Contest  
2405 East Southern Avenue Suite 6  
Tempe, Arizona 85282

You must include your completed and signed Venture International/Family to Family Video Release Form which can be downloaded from our website.

### Here are some simple tips to help you make a good video:

1. Good lighting helps your camcorder to process better images.
2. Audio is half of a good video. Make sure your camera's microphone is close enough to clearly pick up what is being said.
3. Good video is fantastic, but the story is the most important. Plan out what you and/or your family wants to say. Speak from the heart.

More information, including a sample video, will be posted on the website.

Prizes: Venture International is currently soliciting underwriters to help with the funding of prizes. At this time we can not guarantee the quantity or quality of prizes, but we pray we are able to offer everyone who submits a video a fun and rewarding prize.
